Tereasa McGuire, Chairperson

WELCOME MESSAGE FROM THE CHIEF EXECUTIVE OF MAYO, SLIGO AND LEITRIM EDUCATION AND TRAINING BOARD

I am very pleased to introduce the 2018 Service Plan for Mayo, Sligo and Leitrim ETB. This Service Plan has been developed in accordance with our statutory obligations as outlined in Section 47 of the Education and Training Boards Act, 2013.

This Service Plan sets out in detail the planned activities and expenditure for MSLETB for the coming year and our aim to provide our services in line with our core values of pro-activeness, professionalism, collaboration and quality. This year we will also be introducing our first Strategy Statement which will outline the strategic direction of our organisation for the coming five years.

I wish to express my gratitude to the members of the Board, the Directors and all staff involved in the planning and delivery of this Service Plan and I am confident that we will continue to offer quality education and training to the people of Mayo, Sligo and Leitrim.

Shaun Purcell, Chief Executive

Mayo, Sligo and Leitrim Education and Training Board

Statutory Basis

Education and Training Boards (ETBs) are statutory authorities which have responsibility for education and training, youth work and a range of other statutory functions. ETBs manage and operate second-level schools, further education colleges, multi-faith community national schools and a range of adult and further education centres delivering education and training programmes.

The general functions of ETBs are set out in the Education and Training Boards Act, 2013. ETBs were established on 1st July, 2013, with 16 new ETBs replacing the previous 33 Vocational Education Committees (VECs). Co. Mayo VEC, Co. Sligo VEC and Co. Leitrim VEC merged at that point to form Mayo, Sligo and Leitrim Education and Training Board (MSLETB). Training Centres in Sligo and Ballina, previously operated under FÁS and then SOLAS, were subsequently incorporated into the new entity of MSLETB.

Geographical Structure

There are a total of sixteen ETBs throughout the country, as shown in Figure 1 below.

Figure 1: Education and Training Boards (ETBs) in Ireland

MSLETB has the largest geographic area of all of the new ETBs, covering an overall area of 9,014 km². It stretches from the Drowes River near Bundoran to the Erris peninsula in the west, down to Killary harbour and across to the Shannon at Carrick-on-Shannon. MSLETB serves a population of 228,086 (CSO 2016) people and its head office is located in Castlebar, with offices in Sligo and Carrick-on-Shannon, as can be seen in Figure 2 below.

Figure 2: MSLETB operational area

Schools

ETBs nationally manage one third of all second level schools in the country – education for over 100,000 students. They operate inclusive enrolment policies and also cater for a significant number of students with special needs. MSLETB operates 19 schools throughout the three counties.

Further Education and Training

ETBs provide further education and training to over 200,000 adults annually. Services are delivered through a variety of programmes to meet a diverse range of needs through programmes such as literacy and numeracy, skills training and apprenticeships.

Youth Work

ETBs have a statutory function to support the provision, coordination, administration and assessment of youth work services, in partnership with the Department of Children and Youth Affairs. MSLETB supports around 7,000 young people through its work in this area.

Other Supports

ETBs also co-operate with other agencies, groups, colleges and community groups to deliver a variety of programmes catering to the diverse needs of client groups in local communities. This includes, for example, Music Generation and School Completion Programmes.

Organisational Structure

The Board of MSLETB is responsible and accountable for the proper direction and control of the organisation, as set out in the primary Act, other relevant legislation and the Code of Practice for the Governance of Education and Training Boards. The Chief Executive is the accounting officer for MSLETB and is supported by a Senior Management Team consisting of three appointed Directors. The organisational structure of MSLETB is shown in Figure 3 below.

Statement of Services – Schools and Colleges

MSLETB manage and operate 19 second-level schools and colleges across the three counties. Second-level education aims to provide a holistic, quality learning environment which prepares individual students for higher / further education or immediate entry into the workplace. Second level education consists of a three-year Junior Cycle followed by a two or three-year Senior Cycle depending on whether the optional Transition Year is taken. Students usually begin the Junior Cycle at age 12. A state examination, the Junior Certificate, is taken after 3 years.

The main objective of the Junior Cycle is for students to complete a broad and balanced curriculum, and to develop the knowledge and skills that will enable them to proceed to Senior Cycle education.

The Senior Cycle caters for students in the 15-18 year age group. Immediately following the Junior Cycle, students have the option of undertaking Transition Year. Transition Year provides an opportunity for students to experience a wide range of educational inputs, including work experience, over the course of a year that is free from formal examinations. During the final two years of the Senior Cycle, students take one of three programmes, each leading to a state examination – the traditional Leaving Certificate, or the Leaving Certificate Applied programme (LCA).

MSLETB schools and colleges form an essential part of life and living throughout their local communities. They are inclusive and enable young people to meet their full potential in society. They empower students, teachers and parents to achieve educational progress in a positive and encouraging atmosphere.

A full range of subjects, including languages, the humanities, arts, technologies and science is offered at both Junior and Senior Cycle. Students are encouraged to take part in all aspects of school life, including extra-curricular activities like drama, music, debating and sport.

In order to ensure the highest quality of teaching and learning and the best possible educational experience for its students, support will be offered by MSLETB to all schools in areas such as Continuing Professional Development, literacy and numeracy, Special Education, Technology Enhanced Learning and English as an Additional Language. In addition, support will be provided to school management and staff in areas such as leadership development and support programmes. Also, support will also be offered in the areas of policy-making and governance through ongoing work and training with Boards of Management and school management.

School Completion Programmes

The School Completion Programme (SCP) was set up as part of the Department of Education and Skills DEIS strategy (Delivering Equality of Opportunity in Schools). This service in Mayo was established in 2007 and is available to DEIS primary and second-level schools in north and south Mayo. In 2011, the School Completion programme was integrated into the National Education and Welfare Board (NEWB) and is now within Tusla, the Child and Family Agency.

The SCP aims to increase the numbers of young people staying in primary and second-level by improving attendance, participation and retention of students who may be at risk of early school leaving. The programme focuses on targeting and providing supports and interventions to assist these students to successfully complete their formal education. Interventions include breakfast clubs, homework clubs, after-school supports, individual support for students, therapeutic supports such as counselling and art therapy, extra tuition, mentoring programmes, transition programmes and summer camps. SCP tailors supports to meet the needs of all students, but especially those who are at risk of early school leaving.

North and South Mayo School Completion Programmes are operated by MSLETB and managed by Local Management Committees, with representatives from schools, youth services and other agencies in the area.

Services were provided in 2017 to 470 students in the following schools in Mayo:

Statement of Services – Further Education and Training

The SOLAS *Further Education and Training Strategy 2014-2019* (FET Strategy) reflects the principles articulated in the Government's *Action Plan For Jobs, Pathways to Work 2016-2020* and broader education policy. The FET Strategy addresses the unique challenges faced in the sector and promotes targeted skills programmes to support job seekers to re-skill and up-skill in areas where suitable employment opportunities are emerging. In doing so, FET is developing and expanding to deliver higher quality, flexible, and progressive programmes of education and training.

MSLETB specifically supports the principles of the FET Strategy in all planning and provision. It does this by continuing to align skills development and training with the enterprise needs of the region and by continuing to contribute to the primary objective of the Action Plan for Jobs in increasing employment in the region by 10-15% in the period up to 2020 (*Action Plan for Jobs: West Region 2015-2017*). MSLETB will continue to maintain its leadership in FET provision in the region, across all sectors from basic education to specific skills and work-based training. As the provider of choice, MSLETB will be at the heart of relevant and innovative partnerships with industry driving the development and delivery of quality programmes of education and training. This will be achieved whilst maintaining a community focus where the vulnerable and those on the margins of society are included. This will be the marker of the success of FET in the region.

The Action Plan for Education sets out the development of apprenticeships and traineeships as a key objective. MSLETB has significant facilities, infrastructure, skill, and competence for the delivery of apprenticeship programmes and it will continue to deliver Craft Apprenticeships in line with increased demand. Apprenticeships in Electrical, Carpentry and Joinery, Metal Fabrication and Motor Mechanics will also continue.

Traineeships offer flexible, responsive, occupational skills development training programmes, tailored to the identified needs of a specific industry sector or sub-sector and lead to nationally recognised qualifications.

MSLETB is leading out in the following apprenticeships:

- Carpentry Joinery
- Electrical
- Electrical Instrumentation
- Vehicle Body Repair
- Toolmaking
- Electrical
- Mechanical Automation and Maintenance Fitter (MAMF)
- Butchery
- Sales (In Development)
- Commis Chef

MSLETB's Community Education Service (CES) Plan will focus on engaging hard to reach learners in community settings to identify their learning needs, engage them in a short term and part-time programme and aid their progression into other accredited FET options. The CES provides grants and tuition hours to local community and voluntary groups. The main target groups across the region include people who are long term unemployed, early school leavers, people with a disability, disadvantaged men and women, Travellers, older people, migrants and refugees / asylum seekers.

Throughout the coming year, MSLETB will:

- continue its work as an active member of the Regional Skills Forum
- maintain regular meetings with DEASP throughout the region facilitating the identification of the training needs of the unemployed
- continue its employer engagement programme to ensure it meets the employment needs in the region
- continue its work developing new apprenticeships in partnership with industry
- continue to formulate various other Further Education and Training initiatives

Programmes are offered on a part-time basis and are planned in consultation with learners, employers, community groups and other agencies, offering a flexible option to allow people to return to education. Community Education

Community Education refers to adult education and learning, generally outside the formal education sector. It aims to empower and support communities. It is firmly community-based, with local groups taking responsibility for, and playing a key role in, organising courses and deciding on programme content. The scheme enables disadvantaged adults to avail of community education at minimal or no cost.

Community Education can transform individual lives and contributes to social cohesion. It provides opportunities for intergenerational learning, builds self-confidence and self-esteem and for those with low skills or a negative experience of formal education. It can provide a stepping stone to further learning, qualifications and rewarding work. The European Commission has also emphasized the key role of civil society in the promotion of adult learning, particularly in cultivating non-formal and informal learning, as well as the need to prioritize learning communities and social networks.

Provision in 2018 is planned as follows:

This allocation has been retained over the years and the following is a summary of activities planned for 2018:

It gives participants opportunities to improve their general level of education, gain certification, develop their skills and prepare for employment, self-employment and further education and training. Courses offered include Catering, Hairdressing, Sports and Recreation and a variety of ICT courses. A high proportion of learners who complete programmes in the CTCs progress onto mainline courses in other areas of the ETB. The CTCs give those who left school early a second chance at education and provide an opportunity for them to continue their studies.

CTCs are similar in nature to the Youthreach centres, catering for early school leavers from 16 to 21 years of age. Programmes are vocationally oriented, leading to major QQI awards at Level 3, 4 and 5. As mentioned previously, the centre is under the auspices of the MSLETB Training Centres and Training Provision.

In 2018, places will be provided for 100 learners in courses at the Community Training Centres.

Skills For Advance – Employee Development Programme

A new policy framework Supporting Working Lives and Enterprise Growth in Ireland: 2018-2021 further education and training policy framework for skills development of people in employment will be officially launched in September 2018.

This new policy will enable targeted support for vulnerable groups in the Irish workforce, particularly those who have lower skill levels and who need more opportunities to advance in their working lives. The policy also supports small and medium-sized enterprises (SMEs) who need some assistance to invest in and develop their workforce.

The launch of the policy framework, which is being promoted as the Skills to Advance initiative, marks the start of an exciting new development in further education and training provision for MSLETB and an opportunity to develop stronger links with enterprise.

This initiative offers valuable skills development opportunities to those in lower skilled jobs, working in small and medium sized enterprise in vulnerable sectors.

Employees can access upskilling and reskilling opportunities by one of three routes:

Route 1: Delivered directly to employees

Helping grow and evolve skills to advance their work options.

Route 2: Through business engagement

Developed in consultation with individual small and medium sized businesses to address the particular needs of their workforce.

Route 3: As part of regional development

To help get ahead of vulnerabilities and strong emerging opportunities in regions and industries across Ireland.

In 2018, programmes will be offered through Skills For Work as follows:

Programme type	No. of participants	No. of courses / groups
Route 1 - Evening Courses	120*	14
Route 2 - Through business engagement	28*	4
Route 3 - Through business engagement	40*	10

Youth Work

MSLETB Youth Services will continue to fulfil its statutory youth work function to support the provision, coordination, administration and assessment of youth work services, in partnership with the Department of Children and Youth Affairs (DCYA).

In this respect, MSLETB will carry out the following specific actions:

- Administration of Local Youth Club Grant Scheme to volunteer led youth clubs
- Implementation of National Quality Standards for Volunteer Led Youth Groups and National Quality Standards Framework for the Youth Sector
- Administration of Special Projects for Youth (SPY) and other funding lines to youth services on behalf of the DCYA and Department of Health to youth services
- Administration of the DCYA Youth Employability Initiative
- Youth engagement and participation through support of Comhairlí na nÓg in each of Mayo, Sligo and Leitrim

In addition to the above, MSLETB will also initiate and contribute to youth work and related activities through participation in a range of interagency committees and structures, such as the Children and Young People's Services Committee in each county.

In 2018, significant work will be undertaken in relation to the establishment of the new Ballyhaunis Youth Service, funded by the DCYA and operated by a youth organisation, with local oversight and support to be provided by MSLETB. This project is being developed under the recommendations of the Value For Money and Policy Review of Youth Programmes. (DCYA, 2014).

In addition, oversight responsibility for two existing SPY projects will be assumed by MSLETB in 2018, namely the Sligo Leitrim Home-Youth Liaison Service SPY project and the FAI's Third Level Facilitator programme in IT Sligo. Other one-off funding schemes will be administered by MSLETB in 2018, including the Youth Capital Fund and the LGBTI+ Grant Scheme.

Youthreach

There are currently five Youthreach Centres under the aegis of MSLETB, with three in Mayo (Ballina, Ballinrobe and Kiltimagh), one in Sligo town and a new centre in Mohill, Co. Leitrim. Programmes operate five days per week throughout the academic year. A summer programme is also provided following the state examinations, focusing on the personal and social development of the student. The Youthreach sector already encompasses the vision and mission of MSLETB and operates according to its guiding principles.

Youthreach operates a policy of continuous enrolment, allowing programmes to remain responsive to the needs of applicants, with Individual Learning Plans generated for each participant with the assistance of a mentor. Centres employ principles of youth work, diverse teaching styles and andragogical approaches to maximise the benefits for students. Traditionally, there has been a strong vocational element of provision in MSLETB's Youthreach centres, with many students availing of work experience in the hotel, catering and tourism sectors, engineering, construction and the agri-sector. Strong links have been built with local businesses, with some students progressing to employment locally.
