Statement on Internal Control

Mayo Sligo and Leitrim Education and Training Board came into being on 1st July 2013 under the provisions of the Education and Training Boards Act 2013.

The Code of Governance for ETBs is set out in Circular Letter 002/2019, which was issued by the Department of Education to all ETBs in January 2019. The Code of Governance was adopted by MSLETB at its February 2019 meeting.

A new Board was constituted for MSLETB in August 2024, and at its meeting of 12th November 2024, the Board completed the appointment of the new Finance and Audit and Risk Committees.

Responsibility for the System of Internal Control

As Chairperson of Mayo Sligo and Leitrim Education and Training Board, I acknowledge the responsibility of the Board for ensuring that an efficient, effective and economic system of internal controls is maintained and operated. The system can only provide reasonable, and not give absolute assurance, that assets are safeguarded, transactions are authorised and properly recorded, and that material errors or irregularities are either prevented or would be detected in a timely period.

Key Control Procedures

The Board has taken steps to ensure an appropriate control environment by:

- Clearly defining management and staff responsibilities.
- Establishing procedures for reporting significant control failures and ensuring appropriate corrective actions.
- Establishing a formal risk management system involving procedures for identifying and evaluating all risks which could prevent MSLETB achieving its objectives.

The system of internal control operated in MSLETB is based on:

- Detailed administrative procedures.
- Segregation of duties.
- Specific authorisations.
- Internal checks.
- Monthly management review of reports outlining the actual and budgeted results of programmes operated by the ETB.

Schools' expenditures are reported on a monthly basis to MSLETB Directors. These reports are communicated to School Principals and reviewed by the Senior Management Team in MSLETB.

For Further Education and Training (FET), expenditures are reported on a monthly basis to MSLETB Directors. In addition, there are three reviews carried out during the year - in January, June and October. The FET reviews are reported to MSLETB management and to SOLAS, which funds and monitors overall delivery of FET programmes.

An internal audit service is provided by the Internal Audit Unit-Education and Training Boards (IAU-ETB), who provide an overall opinion on areas audited. The overall opinion is based on the findings identified during the audit and the range of possible opinions is as follows:

Comprehensive: System of internal control is adequate and operates effectively.

Mayo Sligo and Leitrim Education and Training Board

Statement on Internal Control

An audit of Pensions commenced in September 2023. Due to the high volume of work and other pressing commitments of the Pensions Unit at that time, it was agreed by both IAU-ETB and MSLETB to defer this audit until Spring 2024.

An audit of English for Speakers of Other Languages (ESOL) commenced in October 2023. MSLETB will be provided with a draft report from the IAU-ETB when they complete their work.

Sectoral audits

On 18th October 2023, the ARC reviewed an IAU-ETB Sectoral report on Procurement Compliance / Leases / Stock Management / Tax Compliance & Supplier Bank Account Details. One of the items recommended in the sectoral report was the completion of a consolidated Fixed Asset Register. The Committee were advised that MSLETB have set the end of 2024 as the target to have a consolidated Fixed Asset Register in place. The committee will review this matter during 2024.

On 8th January 2024 MSLETB received an IAU-ETB Sectoral report on ICT Follow Up Audits and Public Sector Cyber Security Reviews. The Audit and Risk Committee reviewed this report at their meeting on 7th May 2024. The Committee were advised of the baseline standard to be complied with by all Government Departments by 2024 and all Public Service Bodies by 2026. The Committee requested that the Board and Department of Education be informed of the high-level risk of a cyber-attack and the need for adequate resources to be sought to mitigate against such risks. MSLETB have initiated system precautions to mitigate against such an attack.

Breaches of system of internal control - Procurement

MSLETB as a contracting authority, purchases goods, services, ICT and works in a hybrid procurement structure, across all of its schools and centres, each operating separate budget lines. MSLETB is committed to, and the procurement unit supports, budget holders in attaining compliance in line with EU and National Regulations and Guidelines by managing above threshold procurement and through the implementation of both national and local contracts and frameworks.

MSLETB were compliant with procurement guidelines and regulations in 2023. The following are the contributing factors to this;

1. Completion of a number of competitive processes to provide central agreements for a number of previously reported non-competitive spends.
2. Amalgamation of systems within the ETB sector moving from a manual system to a digital finance system, providing greater clarity on buying throughout the ETB, and allowing management of approval workflows.
3. Increase in training, education and awareness by MSLETB staff throughout 2023, by the procurement unit, on procurement and buying processes.

Mayo Sligo and Leitrim Education and Training Board

Statement on Internal Control

4. Circular 05/2023: Initiatives to assist SMEs in Public Procurement. Implementing the increase in the National Procurement Thresholds.
5. Recognition of the application in ETBs of Article 5.2 of EU DIRECTIVE 2014/24/ on public procurement.

MSLETB have continued to implement systems and processes to support compliance and in 2023 have moved Training Centre SAP users to the financial system used by the wider ETB, thus bringing these users into the same financial approval workflows. MSLETB are also in the process of moving to use TCM, the tender and contract management system supplied by CORE Financials, which is expected to bring greater real time spend visibility to procurement using budget and contract management tools.

MSLETB develops a Corporate Procurement Plan annually. This plan sets out the actions to address all requirements of the contracting authority. The plan works in line with our MSLETB Procurement Policy and Procedures to support staff in their buying decisions. MSLETB will continue to monitor, review and implement central and local contracts to ensure that we continue to provide the best value for money.

Fraud

During 2021, a case of suspected fraud was identified in relation to a learner claiming a learner allowance in one of the MSLETB learner centres. An investigation team was established, and investigations were conducted with relevant parties. A report on this case was submitted to the CE recommending the next course of action. The matter was reported to An Garda Síochána who commenced investigations. The monies owed to MSLETB have been returned in full.

During 2022, MSLETB was advised of a possible irregularity in relation to the payment of learner allowances on a Further Education and Training Programme operated by a contracted third-party provider. The matter is under active investigation by An Garda Síochána / DEASP into the possible irregularity. MSLETB is providing assistance to this investigation as requested. The Gardaí are currently examining learner allowance payments associated with this particular third-party provider across a number of years. An Garda Síochána have yet to confirm the possible extent of the impact of their investigations.

Protected disclosures

MSLETB received no protected disclosures in 2023 under the Protected Disclosure Act 2014.

MSLETB has a Corporate Risk Register in place across the organisation. The three Risk Registers (Schools, FET, and OSD) were updated during 2023. The OSD Risk Register updated to Q1 2023 was presented to the Audit and Risk Committee in May 2023. The Schools Risk Register updated to Q1 2023 was presented to the Audit and Risk Committee in May 2023. The Audit and Risk Committee continues to monitor the development of the MSLETB Strategic Risk Management Plan.

Issues progressing at Sectoral level

Single Public Services Pension Scheme

Circular Letter 11/2014 obliges ETBs to provide benefits statements and calculations to members of the Single Public Services Pension Scheme by end of June 2014. Mayo, Sligo and Leitrim ETB has now met its obligations to provide annual pension statements to all members of the Single Public Service Pension Scheme in Q1 2024. Pension benefit statements were produced for 1,229 members in Mayo, Sligo and Leitrim ETB who paid SPS contributions and earned SPS referable amounts during the period 2013 to 2022.

ESBS-Pensions Improvement Programme

In October 2022, software changes were deployed to the ETB Payroll Shared Services PeopleXD system to address issues with pension contributions for 95% of payees. Work is underway to review requirements for multi-appointment and referable amount calculations. Development work and end to end testing is ongoing with The Access Group and ESBS to address the PeopleXD requirements to cater for calculation of net contributions for payees with multi-appointments and also to update calculation of referable amounts for positive input payees and ensure a more robust calculation for salaried payees for going forward from 2024.

In the interim, while the PeopleXD system is being developed, an SPS Data Hub was established by ESBS to collate data from previous payroll systems into one centralised system. This data is then used to produce SPS pension benefit and leavers statements and files for the SPS Databank. 4 ETBs have completed this project so far in 2023 with a further 3 ETBs including MSLETB expected to be completed by year end 2023, having issued cumulative benefit/leavers statements from 2013 to 2022 and produced databank files from 2013 to 2022. All remaining ETBs are expected to have this work completed by end Q2 2024 at the latest. The 2023 annual SPS statements will be produced from the centralised system for all ETBs. Going forward from 2024, it is expected that the PeopleXD system will have been updated with remediated data and have had the necessary development applied to allow the 2024 statements be produced directly from the system.

Mayo Sligo and Leitrim Education and Training Board

Statement on Internal Control

This work forms part of the overall Pensions Improvement Programme being implemented by the Department of Education and a dedicated team in ESBS has been put in place which is working solely on resolving Pension and Superannuation Contribution matters. The provision of accurate benefit and leavers statements (which were updated and approved in 2023) to SPS pension scheme members is an integral part of the scope of this Pensions Improvement Programme.

Shared Services

The Education Shared Business Service (ESBS) has been established to deliver shared services for the Education and Training sector.

Payroll

The migration of MSLETB payroll to ESBS for all staff took place in October 2021. The ESBS is responsible for the processing of the payroll while MSLETB is still responsible for the issuing of instructions to shared services of the changes to payrolls and HR function. The Chief Executive has confirmed that he has fulfilled his responsibilities in relation to the requirements of the Memorandum of Understanding; the Service Management Agreement and the Data Processing Agreements that have been signed and are in place between MSLETB and the Department of Education - Education Shared Business Service (ESBS) Centre. These documents provide the framework for the operation of ESBS-ETB Payroll Shared Services on behalf of the ETB sector. The Chief Executive relies on a letter of assurance from the Accounting Officer of the Department of Education that the appropriate controls are exercised in the provision of payroll services by the ESBS to MSLETB.

Expenses including Travel and Subsistence

Processing of expenses including Travel and Subsistence (T&S) payments is also being rolled out. MSLETB transitioned their expenses to the ESBS in January of 2024.

Apprentice Payroll

MSLETB transitioned their apprentice payroll to the managed payroll service set up by ESBS in March 2020.

Mayo Sligo and Leitrim Education and Training Board

Statement on Internal Control

Learner Payments

MSLETB have transitioned their learner payments to the managed service set up by ESBS in two waves, Wave 1 in August 2020 and Wave 2 (Youthreach and VTOS) in February 2022.

Finance Shared Services

The Education Shared Business Service (ESBS) has been established to deliver shared services in the Education and Training sector with a focus on delivering payroll and finance shared services for ETBs in the first instance. 15 of the 16 ETBs are now using the same procurement (P2P) and financial management system with plans well advanced to migrate, the remaining ETB, City of Dublin ETB, in Q1 2024.

MSLETB is committed to operating an efficient, effective and economic internal control system. I confirm that the Audit and Risk Committee at its meeting on the 19 March 2024, conducted a review of the effectiveness of the system of internal financial control for year ended 31 December 2023 in the manner prescribed by the Code of Practice for the Governance of Education & Training Boards.

Report for presentation to the Houses of the Oireachtas Mayo, Sligo and Leitrim Education and Training Board

Opinion on the financial statements

I have audited the financial statements of Mayo, Sligo and Leitrim Education and Training Board for the year ended 31 December 2023 as required under the provisions of the Education and Training Boards Act 2013. The financial statements comprise

- the operating statement
- the statement of current assets and current liabilities, and
- the related notes, including a summary of significant accounting policies.

In my opinion,

- the financial statements properly present the income and expenditure of the Board for 2023 and the state of affairs of the Board at 31 December 2023, and
- the financial statements are in accordance with the accounting policies laid down by the Minister for Education.

Basis of opinion

I conducted my audit of the financial statements in accordance with the International Standards on Auditing (ISAs) as promulgated by the International Organisation of Supreme Audit Institutions. My responsibilities under those standards are described in the appendix to this report. I am independent of Mayo, Sligo and Leitrim Education and Training Board and have fulfilled my other ethical responsibilities in accordance with the standards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Report on information other than the financial statements, and on other matters

The Board has presented certain other information together with the financial statements. This comprises the statement of Board responsibilities and the statement on the system of internal control. My responsibilities to report in relation to such information, and on certain other matters upon which I report by exception, are described in the appendix to this report.

I have nothing to report in that regard.

Andrew Harkness

**For and on behalf of the
Comptroller and Auditor General**

11 December 2024

Appendix to the report

Responsibilities of the Board members

As detailed in the statement of Board responsibilities, the Board members are responsible for

- the preparation of annual financial statements in the form prescribed under section 51 of the Education and Training Boards Act 2013
- ensuring the regularity of transactions
- implementing such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of the Comptroller and Auditor General

I am required under the Education and Training Boards Act 2013 to audit the financial statements of Mayo, Sligo and Leitrim Education and Training Board and to report thereon to the Houses of the Oireachtas.

My objective in carrying out the audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the ISAs, I exercise professional judgment and maintain professional scepticism throughout the audit. In doing so,

- I identify and assess the risks of material misstatement of the financial statements whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.
- I evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I report by exception if, in my opinion,

- I have not received all the information and explanations I required for my audit, or
- the accounting records were not sufficient to permit the financial statements to be readily and properly audited, or
- the financial statements are not in agreement with the accounting records.

Information other than the financial statements

My opinion on the financial statements does not cover the other information presented with those statements, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, I am required under the ISAs to read the other information presented and, in doing so, consider whether the other information is materially inconsistent with the financial statements or with knowledge obtained during the audit, or if it otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

Reporting on other matters

My audit is conducted by reference to the special considerations which attach to State bodies in relation to their management and operation. I report if I identify material matters relating to the manner in which public business has been conducted.

I seek to obtain evidence about the regularity of financial transactions in the course of audit. I report if I identify any material instance where public money has not been applied for the purposes intended or where transactions did not conform to the authorities governing them.

1 Accounting Policies (continued)

(d) Tangible fixed assets

All tangible fixed assets purchased including building, infrastructure, property acquisitions, refurbishment costs, fixtures, fittings, equipment and furniture are expensed in the year of purchase. State grants to fund the purchase of tangible fixed assets are recognised in the same year.

(e) Stocks

All consumable stocks are expensed as purchased.

(f) Leases

All lease payments are expensed as incurred.

(g) Retirement Benefits

The pension entitlements of ETB staff, including those who transferred from SOLAS, are conferred under defined benefit schemes. Provisions for staff employed since 2013 are included in the Single Public Service Pension Scheme.

Superannuation contributions made by employees in respect of the pre 2013 schemes are retained by the ETB to go towards funding of the Post Primary Schools and Head Office Pay grant as part of agreed Exchequer funding. Contributions paid by members of the Single Scheme are paid over to the Department of Public Expenditure, National Development Plan Delivery and Reform in accordance with the legislation.

The ETB does not make any employer contributions towards the schemes.

These unfunded schemes are operated on a pay as you go basis. Retirement benefits are paid by the National Shared Services Office on behalf of the ETB. ETBs are responsible for the administration of their pensions, the calculation of benefits and instructing the NSSO of entitlements. The Department of Education reimburses the National Shared Services Office for pension costs incurred and those costs are reflected in the Department of Education's Vote.

Provision has not been made in the financial statements for the present cost of the future benefits that have accrued to staff members and existing pensioners under these schemes.

Owned - MSLETB/DE hold full title and ownership of these properties.

Leased - MSLETB holds a lease for these properties.

Licensed - MSLETB holds a licence for these properties. A Licence is used for shorter term agreements where MSLETB do not wish to commit to a long term lease due to operational reasons and funding.

MSLETB Properties in use by a third party also operate under a licence agreement as MSLETB do not issue leases for any of its properties.

Managed - The property is owned by another party (usually Department of Education or County Council) and MSLETB only manage the property or part thereof. MSLETB is not the owner or the patron.

Service Level Agreement - Similar to Managed Properties.
